ABOUT ME

Web developer with more than 5 years of experience in building user-friendly responsive websites. Proficient in **HTML**, **CSS**, **JavaScript, jQuery, AJAX** and **PHP** as well as experience with libraries like **ReactJS.** Seeking opportunities to leverage my skills and gain valuable experience on WordPress and front-end technologies.

EXPERIENCE OVERVIEW

- Experience building responsive and SEO-friendly **custom** websites on **WordPress** and using company's proprietary CMS.
- Developed WordPress Websites using Elementor theme builder.
- Experience designing and developing eCommerce stores with various feature integration on Miva Merchant and Shopify.
- Implemented AJAX calls to interact with RESTful APIs, enhancing the responsiveness of the application.
- Implemented various JavaScript libraries and CSS frameworks like Gsap.js, Swiper.js, Anime.js, Bootstrap, Tailwind CSS for better UI/UX.
- Implemented Gulp.js to automate and enhance workflow.
- Custom Gutenberg blocks development.
- Domain and Hosting management.
- Developed Web apps using ReactJS.
